

## Share register management

### Digital, up-to-date and secure

**With Segetis as your partner for share register management, you create leeway for core strategic investor-relations tasks. We relieve you of all administrative tasks and maintain the necessary IT infrastructure for this with our Sharelog software.**

### Our services at a glance

- Shareholder data management
- Registration and de-registration of shareholdings
- Comprehensive reporting
- Communication with banks
- Interface to SIX SIS AG incl. AREG data
- Capital market transactions
- Management of employee share ownership plans

### Partnership by your side

We advise and assist you in all administrative and legal matters relating to share register management. In addition, we provide professional shareholder support. Our services range from support with the IPO through demanding capital market transactions to the implementation of employee share ownership programmes.

We customize the scope of our services to your individual needs. We rely here on a transparent price structure and fairly-drafted contracts. It goes without saying that you can count on reliability and absolute discretion when working with Segetis. Take advantage of our extensive experience in putting together an outsourcing programme tailored to your needs.

## The Segetis infrastructure

Only modern, high-performance systems are used in our data center at the company's head office. We implement various technical and organizational measures to ensure the greatest possible security. Our infrastructure and applications undergo regular security assessments. We guarantee the security of your data with daily external backups. We process your data in compliance with the Swiss Data Protection Act (DPA) and – where applicable – with the European General Data Protection Regulation (GDPR).

## Your advantages

- Guaranteed fulfilment of legal and company-specific requirements
- Audit-compliant data archiving
- Release of share transactions by your 'second signature'
- Worldwide access to the share register
